

BOSTON NEARING PENNANT LEADERS

(By Associated Press.)
BOSTON, Sept. 12.—Boston Nationals, by defeating Brooklyn, their first victory in a week, pulled up to within three and one-half games of the league leaders. The score of the game, in which Ragan easily out-pitched Marquard, was 5 to 1. Gowdy and Ragan together made seven hits.

Boston had a makeshift infield combination, Egan playing at short-stop and Fitzpatrick at second base. Maranville, who had participated in most of last week's games with a broken nose, was forced to lay off by a crushed hand sustained Saturday. Capt. Evers is to report today in response to a hurry call.

Zach Wheat, of the Brooklyn, by getting a single, ran his season's record for hits in consecutive games to 23 games.

NEW YORK, Sept. 12.—New York Nationals made a clean sweep of its series with Philadelphia, winning the fourth game of the series 5 to 4. The Giants won by scoring six runs in the fourth inning, when 12 men went to bat. Rixey was taken out after the six runs were scored. Rariden made a three base hit with the bases full in this inning. Tesreau was hit hard toward the close of the game. Kauff, in four times up, made a home run, a double and drew two bases on balls.

FEDERAL FARM LOANS IN RENO

(By Associated Press.)
RENO, Sept. 12.—The members of the Federal Farm Loan board on arrival here today for their hearing found prepared for them many arguments why one of the federal loan banks should be located in this city. Business and financial interests have been busy for some time preparing for the hearing in the belief that Reno has ample claim which should be properly presented to the board.

The board arrived last night in the special car Advance, which was attached to a regular train on the Southern Pacific from San Francisco, where the board spent Sunday. A hearing was held at Sacramento on Saturday and Monday.

The Twelfth District Farm Loan bank is to be located in one of the Pacific coast states and several cities are conducting active campaigns to obtain the district headquarters and the bank for the district. The members of the board are: Chairman Geo. W. Norris, Philadelphia; Wm. G. McAdoo, secretary of the treasury, ex-officio member; Chas. E. Lobdell, Great Bend, Kan.; Wm. S. A. Smith, Sioux City, Iowa, and Herbert Quick, Berkeley Springs, W. Va.

PRESSING WORK ON THE VICTOR

The Victor shaft of the Tonopah Extension Mining company is being deepened by three shifts and work will be pressed in order to complete this work as rapidly as possible. Plans have been altered, or, rather, the first reports were in error. Instead of sinking the shaft full 300 feet it will be deepened from the 1540 to the 1500, a distance of 250 feet. The remaining forty feet will be sunk, but will be below the new station level and will be utilized as a sump. The management expects to complete the sinking in ninety days, when station will be cut and a cross tunnel run in a direct line to the Murray vein and probably be continued on to encounter possible veins to the southward.
